

# HANDRAILS

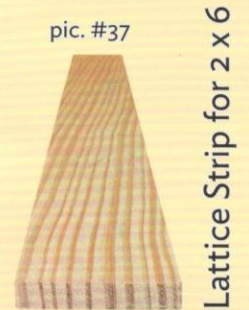

## 2x4 & 2x6 Handrails

Actual Size 1-3/8" x 3-3/8"  
and 1-3/8" x 5-1/4"

- ▶ Handrails come standard with a **spindle notch** and when used in combination with the Lattice Strip, they are **easy to install**. This also eliminates the need to drive a screw through the top of the Handrail.
- ▶ Lattice Strips are sold separately.
- ▶ All Handrails available in Lengths of: 6', 8' and 12'.

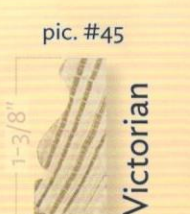

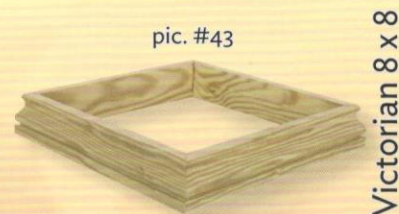

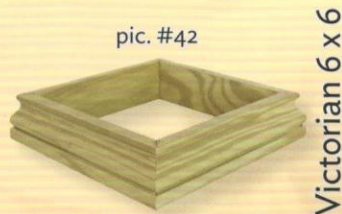

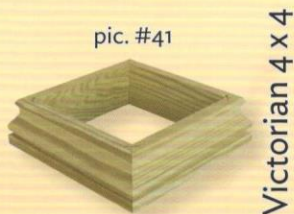

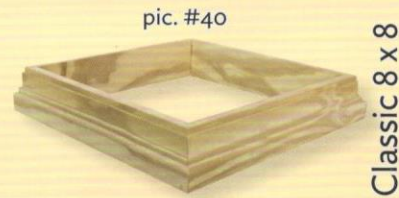

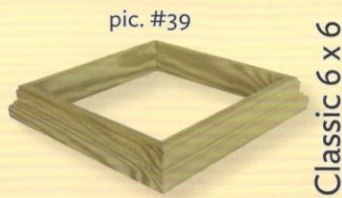

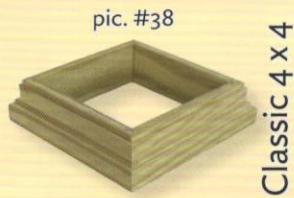

## Lattice Strips

# BASE TRIM

## 3 Sizes Base Trim

- ▶ Base trim is used to **cover the gap** between the Deck Post and the Deck Boards. By default, Base Trim is **pre-assembled** but we do offer the option of half assemble (2 pc.). This application is ideal if you need to add the Base Trim **after the railing is installed**.
- ▶ Uncut Trim Pieces also available in Lengths of 6'.
- ▶ 4 x 4 Base Trim is made fit a standard 4 x 4 (3-1/2" x 3-1/2") Post. The same is true for the 6 x 6 and 8 x 8.
